PROJECTS

Banking Management System

- Programming Language Used - C++
- We have two modules - Customer and Banker
- Functionality - Firstly, Customer have to sign up and Login and then entered all details through the form like name, address, phone number, salary, and bank account details.
- After verifying all details of customer, Banker verify that customer is able to get lone or not

Tic Tac Toe

- Programming Language Used - PYTHON
- Tic-Tac-Toe is a simple two-player game played on a 3x3 grid where players take turns marking a square with their symbol (usually "X" or "O") until one player wins by getting three of their symbols in a row horizontally, vertically, or diagonally, or the game ends in a draw if there are no more empty spaces on the board.
